- snorkeling

- sightseeing

- island cru

FishingWe cater to the professional as well as the novice fishermen. Whereas some may prefer the big game such as the blue marlin, sailfish, tuna, dolphin or wahoo, others may wish to go for more action and try the light tackle. Light tackle seem to be the way to go for families with small kids, whether its trolling for barracudas, jacks, yellow tail and mutton snappers or mackerels. Some may prefer to anchor the boat and bottom fish and again others may want a little of both. Whatever your fancy we aim to please. And yes don't forget the shark fishing. SnorkelingWhat a way to get up close. We can take you to the best spots the islands have to offer where you can explore the beautiful, shallow coral reefs and take a photo with your favorite tropical fish. Sight-seeingExploring picturesque Nassau harbor, Paradise Island and the nearby small islands is something you cannot get from a drive through the island in a car. Take in the beautiful multimillion dollar homes, historic sights, marinas with multimillion dollar yachts as you relax on Three Queens or Three Queens 11. Picnicking and SunbathingEscape from it all to nearby Rose Island to miles of some of the most beautiful beaches in the world where, in many cases, your party have it all to yourselves. This is a good way to take a break from the resort to an island with no infrastructure and waiting to be explored. Here you can bathe in the sun or have your very own private picnic.
